

5th GRADE WEEKLY ACTIVITY BOARD

Reading

[Ms. Fiorella's web page - SPED support](#)

We know you have read so many books this school year! We would love for you to tell us your **favorite book**.

You are going to select your favorite book that you have read in 5th grade. The book can be one that you read at school, at home, or on MyOn. Write a paragraph or more explaining why you might recommend, or suggest, this book to next year's 5th graders.

Describe your favorite character and some of their character traits. What were some of the key events in the book that really interested you? Give us lots of details about why you LOVE this book.

Once you are finished, you can email or Dojo message it to your

Writing

Take a Walk!

Go on a walk and use your senses to observe the environment.

Write and draw your observations below.

Plants: What plants do you see? Describe their size, shape, and color. Draw a picture of your observations.

Animals: What animals do you see? Describe them and what they are doing at the time you saw them. Draw a picture of the animal/animals you saw.

Weather: Is it a warm or cool day? Is the sun shining or cloudy? How does the weather make you feel? Draw a picture that represents the day's weather.

Sounds: What sounds do you hear? How would you describe the sounds? How would you draw the sounds you hear?

Math

[Mrs. Abel's web page - SPED support](#)

Math Riddles

Create or find a math joke or riddle like the one below.

Be creative! Create an illustration to go with your joke, and remember to share it with your teacher!

30 minutes of Dreambox

Social Studies

THE LAST WEEK OF SCHOOL!

This week, take some time to look at the Prince William County Public Library at their website here: [Prince William County Public Library](#)

Look at the virtual activities section to find virtual activities the library is putting together.

One of my favorites is the Quaran"teen" where they show you how to make recipes. Here is the link to that one: [Quaran"teen" Cuisine](#)

Check out Summer Reading Program at the library. This program runs from June 15-August 15. AND there are prizes!! [Summer Reading Program Prince William County Library](#)

Science

Scavenger Hunt
Go outside and see what cool things you can find that relate to things we learned in science this year! Take a picture or draw a picture of what you found and write about how they relate to what you learned. It could be a physical thing like a rock, or non-physical like a sound! Be sure to share what you find with your teacher!

Week 9 Activities

June 8th - June 12th

ENCORE	Art Activity Vaughan Wildcat Artists- This was quite a strange ending to our school year. Normally we would be finishing SOLs, having fun at field day, the 5th graders would be nervous about promotion and heading to middle school, and we would all be ready for a nice	Music Activity Put on your favorite songs and have a dance party with your family! Dress up or wear funny costume! Have your dance party inside (maybe with some cool flashy lights) or go outdoors! Most importantly, HAVE FUN! You did it! You made it to the end of the year and you should	PE Activity Ok this week is our last week of school. I am giving all the wildcats the same activity for the last week. I would love to see your all-time favorite Field day station If you are a returning wildcat or even a new wildcat think back to the station that was the	Library Activity Please continue to read all summer and post a book review of the books you read. Have a great summer! Summer Reading List from Prince William County Schools Summer Reading at Prince William County Public Library	

summer break!
Instead we are living
in an unprecedented
time that will surely be
in the History books.

While you don't have
much control over
what will happen
next, you do have
control over what you
will do next. Will you
stay inside all summer
and play video
games or will you go
outside and play,
exercise, and get
healthier and
stronger? Will you
make memories
doing things you'll
never forget or let the
days just waste away
not doing anything?
Will you answer the
stress of this situation
with anger or be kind
to your family and
friends and let them
know how much they
mean to you?

Only you have the
ability to make the
most of your summer
and future, but it isn't
easy and it does take
work. Know that all of
the teachers you had
or will have at
Vaughan are rooting
for you to make the
best choices, work
hard, and to come
back better than you

CELEBRATE!

Throughout the
summer, make it a
family tradition to
have a dance party
every week, or even
every day! Send me
your dance party fun
at

cressmnc@pwc.edu.

Feel free to send me
any emails, pictures or
videos over the
summer! Keep in
touch and come visit
me next year!

Love, Ms. Cressman

most fun to you! If
you can, try to
recreate that
station. Make a
video and email it to
me or draw a
picture and drop it
off at the school.
Maybe even create
your very own field
day station, make
sure that you have
the rules for your
station. If I like any of
the stations, you
never know you
might just see it for
real at our next field
day! Have fun with
this and I really hope
to see some of your
station ideas. I miss
you all! Have fun this
summer and stay
safe!
