

4th GRADE WEEKLY ACTIVITY BOARD

Reading

[Ms. Fiorella's web page - SPED support](#)

We know you have read so many books this school year! We would love for you to tell us your **favorite book**.

You are going to select your favorite book that you have read in 4th grade. The book can be one that you read at school, at home, or on MyOn. Write a paragraph or more explaining why you might recommend, or suggest, this book to next years 4th graders.

Describe your favorite character and some of their character traits. What were some of the key events in the book that really interested you? Give us lots of details about why you LOVE this book.

Once you are finished, you can email or Dojo message it to your

Writing

Take a Walk!

Go on a walk and use your senses to observe the environment.

Write and draw your observations below.

Plants: What plants do you see? Describe their size, shape, and color. Draw a picture of your observations.

Animals: What animals do you see? Describe them and what they are doing at the time you saw them. Draw a picture of the animal/animals you saw.

Weather: Is it a warm or cool day? Is the sun shining or cloudy? How does the weather make you feel? Draw a picture that represents the day's weather.

Sounds: What sounds do you hear? How would you describe the sounds? How

Math

Math Riddles

Create or find a math joke or riddle like the one below.

Be creative! Create an illustration to go with your joke, and remember to share it with your teacher!

30 minutes of Dreambox

Social Studies

THE LAST WEEK OF SCHOOL!

This week, take some time to look at the Prince William County Public Library at their website here: [Prince William County Public Library](#)

Look at the virtual activities section to find virtual activities the library is putting together.

One of my favorites is the Quaran"teen" where they show you how to make recipes. Here is the link to that one: [Quaran"teen" Cuisine](#)

Check out Summer Reading Program at the library. This program runs from June 15-August 15. AND there are prizes!! [Summer Reading Program Prince William County Library](#)

Science

Scavenger Hunt

Go outside and see what cool things you can find that relate to things we learned in science this year! Take a picture or draw a picture of what you found and write about how they relate to what you learned.

It could be a physical thing like a cloud, or non-physical like a sound or adaptation of an animal! Be sure to share what you find with your teacher!

Week 9 Activities

June 8th -June 12th

SOLs, having fun at field day, the 5th graders would be nervous about promotion and heading to middle school, and we would all be ready for a nice summer break!

Instead we are living in an unprecedented time that will surely be in the History books.

While you don't have much control over what will happen next, you do have control over what you will do next. Will you stay inside all summer and play video games or will you go outside and play, exercise, and get healthier and stronger? Will you make memories doing things you'll never forget or let the days just waste away not doing anything? Will you answer the stress of this situation with anger or be kind to your family and friends and let them know how much they mean to you?

Only you have the ability to make the most of your summer and future, but it isn't

with some cool flashy lights) or go outdoors! Most importantly, HAVE FUN! You did it! You made it to the end of the year and you should CELEBRATE!

Throughout the summer, make it a family tradition to have a dance party every week, or even every day! Send me your dance party fun at

cressmnc@pwc.edu. Feel free to send me any emails, pictures or videos over the summer! Keep in touch and I'll see you next year!

Love, Ms. Cressman

favorite Field day station If you are a returning wildcat or even a new wildcat think back to the station that was the most fun to you! If you can, try to recreate that station. Make a video and email it to me or draw a picture and drop it off at the school. Maybe even create your very own field day station, make sure that you have the rules for your station. If I like any of the stations, you never know you might just see it for real at our next field day! Have fun with this and I really hope to see some of your station ideas. I miss you all! Have fun this summer and stay safe!
